## PREFACE

This *Directory of Periodicals of Special Interest to the Blind* is a new edition of the *Compilation of Braille Periodicals and Inkprint Magazines Relating to the Blind in the United States and Abroad* issued in 1929 by Ida Hirst-Gifford and Ruth E. Wilcox. Of the 140 magazines mentioned in this earlier edition, 15 have been discontinued, two have been combined into one magazine, and one has had a slight change of name.

There are 252 magazines listed in the present *Directory*.

In the case of American magazines, it has been indicated, so far as possible, whether the magazines are printed in Standard English Braille grade two or grade one and a half. This information has been furnished by the publishers themselves, and is therefore correct at the time of the publication of this *Directory*.

Grateful acknowledgment is made of the assistance given by the publishers of these magazines and by other individuals in the preparation of this pamphlet.
